Hero Glazes are fast setting gels with brilliant gloss. They preserve the natural fruit color and brilliance of your pastries. Use directly out of the pail as a glaze on cakes, oven-hot pastries or sponge cakes. Used cold or warm, they spread easily and offer optimal protection between pastry layers and on the top layer. Made with natural fruit pulp, sugar, water and pectin. Swiss made, Swiss premium quality.

Hero Fruit Concentrates add something special to our lineup. You can use these liquid compounds to make your own creams, custards, mousses, or just add the powerful flavor of fruit to any dish you want. The limit is only your imagination. The convenient hard plastic container is durable, and makes it easy to use in large or small quantities. Our liquid concentrates are so powerful, you only need a little to impart a bold taste to your concoction. They come in a large variety of flavors, and a little bit will last you a very long time. 6/1.25 kg.

Hero Ovenproof Bakery Jams are made from fresh, top quality fruit and fruit pulp, sugar, and a special pectin. They are ideal as a fruit jam filling for pastries or doughnuts, as well as for pastries filled before baking. Hero bakery jams, in the industry recognized “blue pail,” are easy to handle with a spatula or piping bag and can be injected after baking. They are freeze-proof, show excellent moisture maintenance, and of course are certified kosher by the Orthodox Union.
