

COMET® CREME DEODORIZING CLEANSER

Comet® Creme Deodorizing Cleanser is a liquid chlorinated cleanser containing a soft abrasive that scours and cleans stainless steel and porcelain surfaces without scratching. It clings to vertical and hard-to-reach surfaces, like toilet bowls. Comet® Creme Deodorizing Cleanser is effective at removing malodors from surfaces. Each bottle has a portion control, flip-seal closure.

Comet® Creme Deodorizing Cleanser is available in 32 ounce bottles, 9 per case.
